- **Sintonía Católica** is a Catholic group that participates as an amateur team in marathons, Ironmans, triathlons, football tournaments, tennis competitions, and other athletic events.
- Its purpose is to serve as a platform where Catholics can **meet, share, and compete athletically** in a context of social and family fellowship.
- **Out Mission**
 - Foster friendships and community among people united by the faith
 - Promote a culture of discipline, excellence, and Christian witness
 - Create synergies that transcend sport: friendship, family, projects, and apostolates

To compete with intensity, live with coherence, and build community **in harmony with the Catholic faith.**

HÁGASE TU VOLUNTAD

- **Catholic Orientation in Turbulent Times**

- A space for formation and reflection that seeks to **reorient personal, professional, and financial life toward the Will of God**, integrating faith, reason, and concrete action.
- **Format:** Podcast and Interviews
- **Purpose:** That every decision — personal, professional, and financial — becomes a concrete response to one question:
Am I doing His Will?

From a Catholic perspective, three fundamental dimensions are explored:

- **The Person**
Formation of character, interior leadership, virtue, decision-making, purpose, and holiness in ordinary life.
- **The Entrepreneur / Professional**
Business ethics, Christian leadership, social responsibility, and organizational culture guided by Catholic principles.
- **The Investor**
Christian stewardship, responsible investing, purpose-driven wealth creation, and financial management aligned with the common good.
